Singapore Botanic Gardens

National Orchid Garden

8.30am–7pm Daily (Last ticket sales at 6pm)

Adults : \$5 / Senior Citizens (60 years and above) & Students : \$1

Free for children (12 years and below)

With over 1,000 species and 2,000 hybrids, the National Orchid Garden is the product of the Garden's orchid breeding programme which began in 1928. The Garden offers a permanent showcase and the largest display of orchids in the world.

- Burkill Hall—Host to VIP events and private functions, this 1868 built colonial plantation style house is an excellent example of historical architecture.
- VIP Orchid Garden—Featuring orchid hybrids named after visiting state dignitaries and VIPs like Nelson Mandela and Prince William.
- Celebrity Orchid Garden—Hybrids are named after celebrities to commemorate their visit, like Jackie Chan and Andrea Bocelli.
- Vanda Miss Joaquim—Chosen as 'Singapore's national flower in 1981.
- Tan Hoon Siang Mist House—Against a backdrop of tropical foliage and cultural decor, displays of new orchid cultivars, some from the Gardens' collection, can be seen here.
- Yuen-Peng McNeice Bromeliad Collection—Featuring over 300 species and 500 hybrids of exotically unusual plants from Central and South America.
- Cool House—Encloses a montane tropical forest that provides a highly realistic representation of high elevation sites in the tropics.

Jacob Ballas Children's Garden

8am–7pm (Last admission at 6.30pm)

(Closed every Monday, except when it falls on a designated Public Holiday)

Jacob Ballas Children's Garden is Asia's first children's garden and is designed to provide unique discovery and learning experiences in a garden setting. Through play and exploration, children can cultivate an appreciation for plants, nature and the environment. It meets the demands for nature education in an increasingly sophisticated tropical Garden City. Developed along the theme "All Life On Earth Depends on Plants", it is uniquely interactive fun place where children up to 12 years of age can discover how plants provide their daily needs. Experiences in the Jacob Ballas Children's Garden will stimulate a sense of wonder for the plant world and provide happy memories for our young visitors. (Only children aged 12 and below will be admitted. Children must be accompanied by adults. Unaccompanied children and adults without children will not be admitted.)

Themed Gardens

Ginger Garden

5am–12 Midnight Daily

Gingers and their relatives are an important part of tropical flora. There are more than 3,000 species of plants belonging to the ginger (Zingiberales) and they are all closely related to the common spice ginger (*Zingiber officinale*).

Healing Garden

5am–7.30pm (Closed every Tuesday, except when it falls on a designated Public Holiday)

The Healing Garden showcases over 400 varieties of medicinal plants traditionally used in Southeast Asia. Spread over 2.5 hectares, this garden is designed as a tranquil retreat and is laid out thematically relating to components of the body such as head, respiratory and reproductive system. (*The National Parks Board and Singapore Botanic Gardens shall not be in any way liable or responsible for any loss or damage whatsoever which may arise from the use of the information provided in this garden.)

Fragrant Garden

5am–12 Midnight Daily

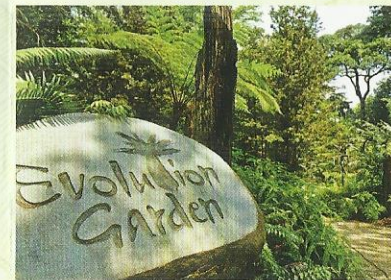

The Fragrant Garden was created to give an aromatic experience for our visitors. It is also an ideal spot for night time visits as many of the plants give off their scents in the evening. A new boardwalk beautifully lights

up at night to enhance visitors' experience at the Fragrant Garden.

Foliage Garden

5am–12 Midnight Daily

The Foliage Garden is a new and unique themed attraction which showcases an extensive display of ornamental terrestrial and aquatic plants with a wide variety of foliage of varying shapes, colours and textures.

Evolution Garden

5am–12 Midnight Daily

Take a journey through time - from the fiery planet that our world was in ancient times, through the era of dinosaurs, and into the modern world of 400,000 different flowering plants that we enjoy today.
